Technical/Commercial Evaluation

Technical Evaluation of the Bids was carried out by a committee constituted by NCSCM :

M/S Sartorius Weighing India Pvt. Ltd. Bangalore: They do not meet specification provided for TOC and Silica rejection rate. Vide their letter dated 21.01.2013,the firm has mentioned that ,by mistake Type I system H2O Pro-VF-T was typed as H2Opro-UV-T.The change requested cannot be complied with at this point of time. As such the offer is considered un-responsive technically.

M/S Labindia Instruments Pvt. Ltd. Gurgaon comply with all the specifications after their clarifications.

M/S Merck Millipore Pvt.Ltd. Bangalore comply with all the specifications.

M/S Lab india Instruments Pvt. Ltd. Gurgaon is determined as the lowest evaluated responsive bid in accordance with ITB Sub-Clause 37.1. As such, the post qualification L1 Bidder was carried out in accordance with ITB Clause 38, using only the requirements specified. The bid of M/S Labindia Instruments Pvt. Ltd. Gurgaon based on the information and documents provided by him, in pursuance to the criteria outlined in the bid document with reference to Post qualification Requirements (ITB 38.2), was determined to be qualified to perform the contract satisfactorily and was considered for award of contract.

* There are many mistakes in the price schedule filled up by M/s V.S.Saurya Enertec (P) Ltd. as follows:

- (1) The Bidder has not worked out the total price (Col.6) by multiplying unit rate with the quantity. Instead they have written in Col. 6 as N.A. Unit price has been added with transportation charges and given as total price in Col.9. If we multiply the unit rate by the quantity, then the total price works out to be abnormally high. Moreover they have also committed mistake in col. 9 for item no. 1.
- (2) Again while quoting for AMC, they have indicated total number of items as 67 nos. (Col.5) and unit fee as Rs.1,20,365 for each year of AMC. In Col.7 they have not multiplied the values in Cl. 5 & 6 and have instead mentioned the same value as in Col. 6. Another Price Schedule for AMC charges mentions charges as 2.5% of contract value

In view of all the mistakes in the price schedule, the offer cannot be evaluated and considered as invalid offer and therefore not considered for post qualification evaluation.

Ikant Renewable Energies Pvt. Ltd:

The Bidder has furnished a bid security of Rs. 30000/-, 20000/-and 5000/- for the three items, the amount as specified in Bid documents. The bid security in the form of B.Gs. dt.30.10.2012 issued by Punjab National Bank, Naraina Vihar, New Delhi valid up to 31.01.2013 have been enclosed. However as per clause 21.2(e) of the ITB, the B.G. should be valid up to 45 days beyond the validity of the bids i.e. up to 15.03.2013.To this extent the offer **is not responsive**. As such the bid is considered un-responsive in the preliminary examination and hence not considered for post qualification examination.

Technical Evaluation of the Bids was carried out by Director—Coastal Systems Research of M.S.SRF and as per the report the bids of all the three bidders satisfy the specifications for solar street lights and are therefore considered technically Responsive.

M/s Titan Energy Systems Ltd.:

The bid is substantially responsive in preliminary examination and hence considered for Technical and Post Qualification Evaluation.

Post qualification of M/S Titan Energy Systems Ltd. was carried out and the firm was considered as substantially responsive in post qualification criteria and recommended for award of contract. Value of the contract—24, 33, 359/-plus

AMC (for 3 Years)@ 4200/-(each),each year after warrantee of 1 year).

Total Value of the Contract---32, 77,559/-(including taxes and transportation etc up to final destination and warrantee of 1 year)
